SPS, R&D Services	6179-4300			
Other	Y779-4129			

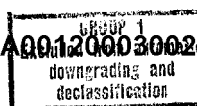

2. Major communications equipment ordered during the month included the following:

Battery Charger, BC/B-26	\$ 17,500
Modulator (Side Band Exciter)Gates SG-70	74,875
Village Radios - HT-1's, HT-2's, etc.	50,000
Test Set, Sigma 4514	12,792
Amplifier, Tektronix	12,100
Test Message Generator, Digitech	11,400
Rhombic Antennas, w/Accessories	47,378
Switchboard, TGC-24	22,276

3. Except for two requisitions which could not be processed due to insufficient time for contract negotiation, all requisitions that were being held by OL were released for procurement action. The two that could not be handled were for TRAK 108 antenna couplers and the automatic message numbering system (AMNTOS). Another requisition (LGE-25 DF Sets), against which procurement funds (\$140,875) had been encumbered, was cancelled at the request of OC-SP. As a result of the cancellation, we used these funds for the procurement of 51S-1 receivers and an increased quantity of BP-12's. Additional teletype equipment was ordered and funds were obligated for 25 Collins 208U-10 amplifiers as a result of year-end funds made available by OC-P.
